Parties in this rate case have now reached an agreement which, **if approved by the Commission**, would result in an average increase of \$1.05 a month or approximately 1% for a typical residential customer.

In addition, the settlement would result in Laclede contributing \$1 million annually to fund a new low-income energy assistance program and expanding its various energy efficiency and conservation programs.

Laclede Gas Company serves approximately 631,000 natural gas customers in the City of St. Louis as well as the Missouri counties of St. Louis, St. Charles, Butler, Iron, Franklin, Jefferson, Madison, St. Francois and Ste. Genevieve.
